## **Robertson Dental Lab welcomes your 3M™ True-Definition connection!**

So, you've made the leap to 3M™ True Definition digital impression scanner and now your looking for a lab who is proficient in understanding this technology and its work flows. You have come to the right place! Robertson Dental Lab accepts digital impressions for both all-porcelain and PFM restorations. Taking impressions the traditional way? Send your PVS impressions to us—using our scanner technologies allow us to scan your PVS impressions and design & mill your crowns.

- Office must contact 3M Customer Care and request Robertson Dental Laboratory to be added to their scanner. 3M Customer Care can be reached at 1-800-634-2249, Option 3, Option 1 or [customercaredoc@mmm.com](mailto:customercaredoc@mmm.com)
- Log into your 3M True Definition account (make sure you have logged out and logged back in after calling 3M).
- Choose Robertson Dental Lab as your lab from the laboratory selections.

***It's our job to make your job as easy as possible!***

**Robertson Dental Lab is a Full Service Lab!**
